

Save your cash!

Buy the equipment you need to maximize productivity by financing with low monthly payments.

We make financing easy

LOW RATES

Because we specialize in manufacturing equipment, we can offer better rates than most banks and finance companies.

FAST & SIMPLE

In most cases, we can approve you with a 3-minute credit application. The paperwork is simple too!

SMART

All we finance are machine tools and manufacturing equipment. Dealing with someone who understands and knows your business saves you time and money.

THE NEW LEADER IN MACHINE TOOL FINANCING

Call Intech for a quick finance quote on your next machine!

Economic Stimulus Act of 2008: A \$250,000 write-off!

\$250,000 Write-off

Manufacturing companies can save thousands of dollars on their taxes!

Section 179 Federal Income Tax Deduction: This deduction has been increased as part of the Economic Stimulus Act of 2008 and it allows a company to deduct the first \$250,000 of equipment (Section 179 Property) purchased in 2008 from their taxable income. For companies purchasing (or leasing - with a \$1.00 buy-out lease) up to \$800,000 of equipment in 2008, this deduction is available in full. It then phases out on a dollar-for-dollar basis between \$800,000 and \$1,050,000 and it is not available for companies purchasing over \$1,050,000 of equipment in 2008. However, companies can finance purchases over \$800,000 with an operating lease and may still be able to claim this deduction.

50% Bonus Depreciation (expires December 2008)

The Economic Stimulus Act of 2008 also allows for a special 50% bonus depreciation for equipment placed in service for use in your trade or business for the production of income before January 1, 2009. This deduction allows an additional 50% first-year depreciation on the adjusted basis of qualified new equipment.

Standard Depreciation

Additionally, companies can take their standard depreciation deductions on the adjusted basis of qualified equipment. Machine tools and fabricating equipment are typically depreciated over 7 years.

FINANCING? Tax savings may exceed 1st years payments!

Example Based on Equipment Cost:	\$350,000.00
Federal Section 179 Deduction:	-\$250,000.00
50% Bonus Depreciation:	-\$50,000.00
Standard Depreciation: 14.29% on the adjusted basis of Equipment put in service in first 3 quarters (reduced in 4th quarter)*	-\$7,145.00
Estimated Write-Off:	\$307,145.00

Tax laws are subject to change at any time and their application is highly dependent upon the unique facts and circumstances of any particular taxpayer. The information in this page is offered as general guidance and is not intended as specific legal, tax or accounting advice. These calculations are only estimates and everyone's tax situation is different. Always check with your accountant to confirm eligibility for tax benefits.

Companies should always talk to their accountant to confirm eligibility for tax benefits.

Calculate your own tax write-off immediately with our online tax calculator. Go to www.intechfunding.com and click on **TAX INCENTIVES**. Just enter your equipment price to calculate your estimated write-off for 2008.
